PPM-002-2004

SUBJECT: Pending revision of USUHS Instruction 5306 "University Space Committee"

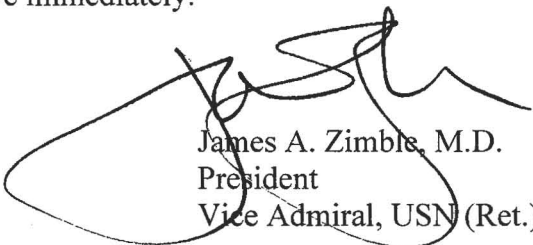

Reference: USUHS Instruction 5306, "University Space Committee"

Purpose. The composition of the University Space Committee shall be augmented by the addition of a voting representation of the Director, AFRRI and 3 members of the AFRRI scientific staff.

Applicability. Pending review of USUHS Instruction 5306 "University Space Committee," the applicability of the Instruction is expanded to include Buildings 42-47 inclusive, the spaces assigned as the Armed Forces Radiobiological Research Institute.

Policy. The University Space Committee is directed to survey space utilization in AFRRI and include the expanded university mission of AFRRI activities in making its recommendations to the President, USU.

Effective Date. This PPM is effective immediately.

James A. Zimble, M.D.
President
Vice Admiral, USN (Ret.)
